Storm Causes Difficulties On Local Scene

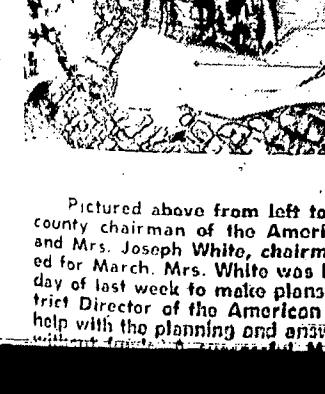

Due to the heavy snowfall in the central and southern parts of the state which brought things to a standstill Thursday, Friday and Saturday, the Trinity Lutheran church group of Midland, the John H. H. School students of Bay City, the St. Peter's church group of Detroit, the Ann Arbor Ex-Lancers and the Lansing Boy and Girl Scouts, numbering between 40 and 500 people in all, cancelled their scheduled trips to Bear Mountain winter sports park Saturday and Sunday.

The Cowley High School students and their chaperones were able to make it to the park Saturday afternoon from Detroit. They were served dinner by the Methodist Church ladies, breakfast by the Eastern Star ladies and Sunday supper by the American Legion Auxiliary.

Sunday the Bay Side Zone Waltham League, numbering 148 also used the park facilities and on Monday a class of 95 students from Flint St. Michael's High School kept their scheduled appearance. Sunday 450 members of the Lutheran Church groups from all over the state also spent the day.

There were no mail deliveries Saturday in Grayling, either city, rural or star route, because no mail came through. The mail truck from Mackinaw to Saginaw and the Highway Post Office truck from Mackinaw to Saginaw were both held over Friday night in Grayling because of road conditions south, also the Grayling semi and Highway 10 trucks were held over Friday night before making the run to Saginaw a day late on Saturday.

The snow in Crawford County was more than a routine 5 or 6 inches for communities to the east, including Alpena, were snowed in for a couple of days, as well as those to the south.

Throughout the afternoon planned tours of the Bear Archery Co. and of Bear Mountain winter sports park are scheduled for the visiting ladies by the local lodge.

The three districts of the conference include all counties in the northern half of the lower peninsula.

Grayling State Bank Joins Charge Card Plan

John H. Alef, President, has announced that Grayling State Bank is now participating in the Michigan Bankard charge plan.

Participation in the Michigan Bankard program means that Grayling State Bank will enroll merchant members and accept application for charge cards from individuals throughout the bank's service area, Mr. Alef said.

More than 500,000 Michigan residents are cardholders and some 13,000 establishments are already members of the charge plan, according to Mr. Alef.

Although some merchants in the Grayling State Bank service area are already members of the charge plan, it is anticipated that merchant participation in Grayling and the surrounding area will increase rapidly in the next few months, he said.

Persons applying for Michigan Bankard credit privileges will receive a Merchant Directory in addition to their charge cards. The directory serves as a "shopper's guide" for charge card users.

The second part of the contest consists of an extemporaneous speech contest, the subjects of which will be certain articles and amendments to the United States Constitution. Extemporaneous topics are drawn by lot. The local contest will be conducted by the Speech and Drama division of the G.H.S. Fine Arts Dept.

Winners of the National Contest receive the following awards: First Place: \$4,000 Scholarship; Second Place: \$2,500 Scholarship; Third Place: \$1,000 Scholarship; and Fourth Place: \$500 Scholarship.

MEDICARE CAUSES HOSPITAL PROBLEMS

Michigan's hospitals are laboring under more than \$23 million worth of additional financial burdens as a result of Medicare.

This is one of the statements made today by Allan Barth, executive director of the Michigan Hospital Association, in a summary of results from a questionnaire circulated among 228 acute general care hospitals all across the state.

Barth said that projections based on response from the hospitals indicate that some \$21,500,000 in Medicare payment bottlenecks have contributed to the hospitals' fiscal difficulties. In a number of cases, Barth said, "hospitals have had to borrow money at high current interest rates in order to meet payroll and other expenses. This in turn contributes to the rising cost of hospitalization."

Grayling Wins Award

WASHINGTON, D. C.—Grayling, Michigan, has won a national "Distinguished Achievement Award" for its outstanding clean up, paint up, fix up campaign. This award was won in competition with hundreds of cities and towns — regardless of size — in the 1966 National Cleanest Town Achievement Award Contest.

A member of the city's delegation will receive the award in person at an elaborate Awards Ceremony which is the highlight of the National Cleanest Town Conference in Washington, D. C., on February 21. The presentation of this award which recognizes the city's achievement will be witnessed by beautification leaders from all over the country.

In addition to this high honor, the Contest judges have chosen the city's scrapbook entry to be placed on display during the entire length of the February 20-21 Conference at the Statler Hilton Hotel. This will enable delegates from other communities to see first hand the public record of what the city has accomplished.

The Achievement Award was earned because the month-long Clean Up, Paint Up, Fix Up Campaign succeeded so well in removing many junked cars free of charge, making extra collections of trash by the city, removing old sheds, and effectively carrying out many beautification projects and planting programs. This created a city-wide feeling of community pride and awareness.

"The citizens of this community should be commended for their voluntary accomplishments in the field of civic improvement and beautification," said R. H. Hackendahl, Director of the National Clean Up, Paint Up, Fix Up Bureau.

Director Hackendahl has invited the Mayor and other civic leaders to attend the National Cleanest Town Conference and to witness the national honor presented to their community and its residents as a result of their 1966 clean up and beautification efforts.

Awards in this, the oldest and largest competition of its kind in the country, are based on the degree of achievement in relationship to the five objectives of the National Clean Up Bureau and on the concept of voluntary self-help. The objectives are: (1) Home and Community Beautification, (2) Prevention of Slums and Rehabilitation of Blighted Areas, (3) Improving Health and Safety Standards, (4) Teaching Juvenile Decency, and (5) Supporting Fire Prevention Programs.

A panel of six judges was responsible for naming the winning cities in two classifications — communities conducting clean up campaigns of short duration and communities conducting continuous programs of clean up and civic improvement.

The judges for this year's contest are Mrs. Henry H. Fowler, wife of the Secretary of the Treasury and (See Grayling Wins Page 4)

Set Hearing For County Soil District

The State Soil Conservation Committee has announced that a public hearing will be held in the Roscommon County Building, Roscommon, Michigan, on Monday evening, February 13, 1967, to consider organizing a soil conservation district to include Crawford and Roscommon Counties.

The committee has received petitions signed by 162 owners and operators of three or more acres of land in these counties asking that a district be organized. If the hearing and subsequent referendum by local people are satisfactory, it will leave only Oceana and Wayne Counties in Michigan without soil conservation districts.

City Extends Sympathy

The sympathy of the residents of the Grayling area is extended to the families of astronauts Virgil Grissom, Edward White and Roger Chaffee who lost their lives Friday, January 27th, when fire broke out in their Apollo spacecraft which was mounted atop the Saturn booster simulating a launching. The three were to have flown the ship into orbit on February 21st.

The city hall flag was flown at half mast by proclamation of Mayor J. F. Cook.

Chile — Missionary To Speak Nelson Memorial

The Rev. Vincent Lee James, a Methodist missionary to Chile, will speak and show slides at the Nelson Memorial Methodist Church, February 3rd.

Mr. James, of Sherrill, Iowa, has returned to the United States for a regular one-year furlough from active missionary service.

For the last four years, he has served as pastor of the seven-congregation two-province Puerto Montt-Osorno Circuit in Chile. The circuit includes a mountain lumbering area, a fishing village, a farming area, as well as the cities of Puerto Montt and Osorno.

Pot-luck supper will be held at 6:30 p. m. Bring your tableservice. Anyone in the community wishing to attend will be very welcome. If you cannot attend supper come and hear the speaker at approximately 7:15 p. m.

This is a great opportunity to learn first-hand the conditions to date in the country of Chile. Also to show our interest to one who through dedication and concern has sacrificed the life and comforts of our country to help others find a meaning and a way for a better life than they had. A very small token for us to afford this missionary an audience.

Bernard M. Miller, 2050 Belle Meade Drive, Davison, Michigan, was installed as Monarch of Kisma Grotto at 7:30 p. m. Saturday, January 21, 1967. Kisma Grotto is a Fraternal Order of Master Masons. The ceremony took place at the Grotto Hall in Flint, followed by a dance and delicious buffet lunch. Bernard is an engineering technician group leader at the A. C. Spark Plug Division of General Motors in Flint. He and his wife Barbara are the parents of four daughters, who each presented their father with a gift following the ceremony. Bernard was installed by his father-in-law, Past Monarch Lawrence Lake.

Attending from Grayling were his proud parents, Mr. and Mrs. Marvin Miller, and his brother Phil and wife Carol. His brother David and wife Lydia Rose of Flint were present but his sister Judy was unable to attend.

SEEKS RETURN OF SOME INCOME TAX

Representative Elford A. Cedarberg, of Michigan's Tenth Congressional District, joined several colleagues today in introducing legislation in the House of Representatives providing a new tax sharing program calling for a return to the states a share of the Federal income tax collections as a means of helping the states solve their own problems.

Under the proposal, 3% of all individual income taxes collected by the Federal government in the fiscal year ending June 30, 1968, would be turned back to state and local units of government. This would increase until the states would receive 5% of the personal income taxes collected during the fiscal year ending June 30, 1971.

The President's budget, submitted to Congress last week, indicated the income collections in the fiscal year 1968 would be about 73.2 billion dollars. Three per cent of this would be about 2.2 billion dollars which would be sent back to the states.

Under the plan 10% of the estimated 2.2 billion dollars would go to the 17 states with the lowest per capita income. Of the other 90 per cent, the states would receive 50% for any purpose desired, 5% for strengthening state and local administration and 45% for the state's local subdivisions of government. Several tax sharing plans have previously been proposed but this is the first one providing 45% for local governments.

Allocations to the states would be based on a simple "tax-effort" ratio multiplied by the population of the state. The tax effort ratio would be the sum of all taxes collected in the state, including income, real property, sales, etc., divided by the total personal income in the state.

Takes 34 Years Locally To Save \$50,000

(Special to the Avalanche)

NEW YORK — How long would it take for the average Crawford County family, earning what it does at the present time, to build up a \$50,000 retirement fund if it puts aside 7 percent of its income each month?

The question is an important one because of the constantly rising cost of living. What was a sufficient amount of money to retire on 20 years ago is quite inadequate now, even with social security. It will be more inadequate 20 years hence.

Economists are advising people to look ahead and raise their sights as to how much money they will need for retirement.

At one time the advertisements read: "How I retired on \$150 a month." Now the amounts mentioned are at least twice that much.

At the 7 percent rate, the average Crawford County family would be saving approximately \$39 a month, based on its current income.

If it banked or otherwise invested this money and received interest at 5 percent, compounded quarterly, it would achieve the \$50,000 objective in 34 years, except for the taxes payable on the interest received.

In many other areas of the country, where incomes are below the local level and the amount that can be saved is smaller, a greater length of time would be needed to accumulate \$50,000.

For those local families that find it possible to put \$50 a month into such savings, the \$50,000 fund would be created in 32 years. Their actual cash savings in that period would total \$19,200. The remaining \$30,800 would come from dividends.

The \$75-a-month saver would reach the \$50,000 point in 25 years. He will have put \$22,500 away in that time and received \$27,500 in interest.

Just how much a family can save depends upon its particular circumstances and upon how much it has left after taking care of its basic necessities. Those at the bottom of the income scale are unable to put aside anything.

According to the latest figures, total savings by individuals in the United States this year will amount to \$25 billion. This is about \$3 billion below the amount they put a

Era Is Ending . . .

There is no doubt now that the post-World War II era in which the U. S. and its citizens exerted a decisive influence in the chancelleries of Western nations is coming to a close. In a lengthy article on "Why Europe Is Pulling Away From The United States", U. S. News & World Report paints a picture of changing international relationships that are deliberately designed to downgrade American leadership. President de Gaulle of France led the way with his imperious expulsion of U. S. forces from his country—an expulsion that may cost this country \$1 billion in abandoned bases, airfield, pipelines, communications systems and scores of other expensive NATO installations.

This example of nationalism set by de Gaulle is spreading to other nations. These vast changes were symbolically underlined when NATO held its final conference in Paris last December. Foremost among the reasons given for waning U. S. prestige is that fear of Russia as a military threat has evaporated in most of Europe. In some cases, former enemies have become virtual allies. In the words of U. S. News, France "has just sealed a new working relationship with Russia's Premier Alexei Kosygin based on common opposition to the U. S. around the world." In Germany, a spokesman for the new German Government has declared, "In appearance if not in fact, we now will give priority to relations with France rather than America."

The rebirth of nationalism, coupled with the recent actions of France, which appear to have no more worthy purpose than the weakening of the U. S., holds grim portent to two generations of Americans who helped preserve the culture and civilization of Western Europe during two world wars. They recall too well the failure of alliances and treaties based on expediency and euphemisms such as "peace in our time". They see again the abandonment of principles. In the words of David Lawrence: "... the free governments of Western Europe are not speaking out in defense of the very principles which were at stake in two world wars and were vindicated by huge sacrifices. . . Why is General de Gaulle unwilling to join in the defense of free nations, though France itself has twice been saved by the sacrifices of other countries, particularly the United States? Why are the people of Great Britain willing to trade with an enemy which is helping to kill American boys today?"

On the other hand, there are those who see nothing alarming in the present trends. Many Western diplomatic officials apparently believe that new attempts by Britain to join the European Economic Community and the West German effort to establish closer relations with East Europe are in line with basic U. S. interests. They believe the ties of trade and commerce may help in the long run to ease international tensions. In their view, the U. S. will profit from closer European-Russian understanding at a time when Russia is breaking away from Communist China. Another factor changing European attitudes toward the U. S. is described by U. S. News: "The enormity of American industrial power is causing anxiety throughout Western Europe about the danger of U. S. 'technological colonialism'. Europeans, including British, are desperately seeking ways to overcome the immense American lead, particularly in science-based industries. European collaboration—possibly even integration—is seen as the only answer." But, continues U. S. News, "... While U. S. political and military ties with Europe may loosen, U. S. economic ties are bound to grow. . . The importance of U. S. capital to Europe is demonstrated by these figures: Between 1950 and 1964, U. S. direct investment in Western European manufacturing industries soared from 1.7 billion dollars to 12 billion. And this contribution, concentrated in the most modern industries, continues to expand almost at that pace."

trated in the most modern industries, continues to expand almost at that pace."

It is apparent that throughout the world a new era is taking form in which trade, industrial development and the growth of economic ties between nations is becoming an irresistible force—a force mightier than tyrants, political opportunists and old world diplomacy. Whether it will also eventually further the cause of human liberty and the self-determination of small nations only time will tell.

An Open Letter. Office of the Post Engineer, Grayling Army Airfield, Grayling, Michigan, January 28, 1944. Chamber of Commerce, Grayling, Michigan, Attention Jerome Kesseler, Secretary. Dear Sirs: Reference is made to your letter of December 31, 1943, requesting a diversion of coal to the Grayling dealers. The following is quoted from letter written by Headquarters, Sixth Service Command, Chicago, in response to inquiry by this office and is given for your information. 1. Contact with Chicago Quartermaster Department and experience of this Headquarters indicates that coal production in Mining Fields normally supplying Northern Michigan points has very measurably improved during the present month, and with new miners' wage scale now in effect there is every reason to believe that it will shortly be sufficient to meet all requirements. 2. Diversion of the small surplus on hand at Grayling Army Airfield is not deemed advisable at present. Should a crisis develop at City of Grayling threatening actual hardship, due to lack of fuel, you are requested to contact this Headquarters by phone for decision at the time. Very truly yours, H. L. Throop, Supt. of Construction.

Robert Bovee then introduced Alex Canja, the administrative assistant to Dr. Polley who then gave us an insight to some of our problems concerning our Community College (Kirtland Community College). He gave a very interesting and informative talk.

Mr. Bovee then gave us a brief summary on the progress we are making on Kirtland.

Mr. Fenton motioned to adjourn the meeting.

A coffee and social hour was furnished by the third grade mothers hosted by Mrs. Don Millikin, Mrs. Jerry Walker and Mrs. Gene Rauch.

BITS O' TALK

The Martin Tinkers have rented the Roy Lovely house at 702 Plum Street.

Robert Moyer of Kalkaska, grandson of Mr. and Mrs. Charles Tinker of Grayling; and Allan F. McCool of Kalkaska, each received a bronze medal and \$500. Carnegie Fund Hero citation in Pittsburgh, Pa. Friday, January 20 for their rescue of Marvin and Geneva Lohr from North Blue Lake May 4, 1965.

The Avalanche carried the story then after Mr. and Mrs. Lohr gave them the details of the rescue.

Mr. and Mrs. Dennis Lovely of Ann Arbor are spending some time in Florida.

Enjoy "Smorgasbord" at the Penguin Inn every Wednesday evening starting at 6 p. m. \$2.95 per person. All you can eat. On I-75 Business Loop, South in Viet Nam.

Sp. 4 Jim Failing in Viet Nam, son of Mr. and Mrs. Horace Failing expresses his thanks to all for the lovely Christmas cards and boxes he received. While on a today leave in Formosa he phoned his parents to say how pleased he had been with the remembrances.

Clarence Holcomb drove to Detroit on business last Thursday and on Friday picked up the Misses Darlene Portwood and Anne Marie Church at Adrian College bringing them to Grayling for the between-semester vacation which lasts until Feb. 5th. The young ladies counted 176 cars and trailers in the "ditch" between Adrian and St. Johns.

The St. Mary's Ladies Club served a Follo Breakfast from 8:30 to noon on Saturday, January 21st at the parish hall. On the committee were Mrs. Claribel Goss, Mrs. Ralph Millikin and Mrs. Richard Lovely. The project cleared a nice sum.

Mr. and Mrs. Bill LaGrow and Mrs. Carl Sorenson planned to leave this Wednesday for a trip to Florida. They had no definite plans or where they would be staying as yet, but were heading south in search of warmth, planning to spend until the last week in March.

Arthur and Joe Wakley of NWMC, Traverse City, were home over the weekend visiting their parents, the A. J. Wakeleys.

Northend Sunoco will give away free one portable TV. Stop in for your free tickets.

Arnie and Bernie Mauren are very glad to be back in Grayling. They left for River Rouge last Tuesday to attend the funeral on Wednesday of Bernie's nephew Bill Socia, age 32, who had died very suddenly. Enroute home they stopped in Pontiac and visited their daughter Pam, Mr. and Mrs. Jack Hull and family. Because of the storm warnings, Jack and Arnie checked M-59 for a few miles and it was fairly clear of snow, so they reasoned if 59 was okay I-75 would certainly be. So Arnie and Bernie left for home at 10:30 Friday morning. Once on the road they couldn't get off with the exception of stopping and getting a bowl of cold chili at three o'clock Saturday morning in a little restaurant at the Birch Run exit. Arnie says the management even had truck drivers waiting on tables to help cope with the crowd. Previous to this they were unable to move their car from 9 o'clock Friday night until 2:30 Saturday morning just north of Flint. Trucks were jack-knifed and out of gas. Cars had floundered in the snow. They finally arrived in Grayling at 6:30 Saturday morning, making it in four hours once they reached Saginaw, in all a twenty-four hour trip.

We are informed that Stanley Rutkowski is now at McReynolds Hall in Gaylord. He would appreciate hearing from or having a visit from his old friends.

Mr. and Mrs. Earl Longworth discovered Tuesday in Saginaw that plane flights from Wisconsin to Chicago and Saginaw had been cancelled that day and Wednesday because of fog, and from then on

because of snow conditions, so the foot surgery for Mrs. Longworth's daughter, Sheri Kasper, was postponed until a later date, as she never made it to Saginaw. The Longworths, however, staying over to go on later to Jackson, were caught in the blizzard which changed plans for so many, and spent Thursday and Friday in Saginaw snowed in. Their motel ran out of food and Chum made his way out food boots to a store for bread and milk, and so they made out. They were able to come home Saturday.

Miss Suzanne Bishaw visited her parents, Mr. and Mrs. Fred Bishaw and family for a few days between semesters. She returned to Mercy Central School of Nursing, Grand Rapids, Sunday.

Mrs. John Sojka and children and her brother Don Borchers, all of Rochester, spent Thursday to Sunday visiting the Clyde Borchers family, coming up for skiing.

"GINGERBREADS" LEARN TO MAKE PIE CRUST

The Gingerbread 4-H cooking class met at the Grayling Elementary School, Friday, January 27th at 3:30 p. m. We received our new cook books and had a lesson on making pie crust. Our leader, Mrs. Esther Bailey, brought Swedish tart pans. Each member made a tart shell, also a pie shell. Kim Malonen and Wendy Feldhauser demonstrated how to make pie filling.

We are starting our evaluating reports.

After a business meeting we adjourned.

The next meeting will be February 10th.

Kim Malonen, Sec'y.

1966 COUNTY FIRE LOSS UNDER \$25,000

Fire Chief Kip Papendick reports fire loss, during the year 1966 as one of the safest in many years. The Department congratulates the people of Crawford County for their fine record in keeping the losses so low. The report is as follows: 9 automobile fires; 12 dwelling fires; 2 house trailer fires; 12 grass and forest fires combined; all other fires, such as tractor, machinery etc. 6 in number; 1 false alarm. Total alarms answered for the year were 42. There were no fatalities during 1966.

The value of property lost was \$9,845, value of buildings other than dwellings, \$3,000, for a total of \$12,845. Value of contents of dwellings, \$4,055, loss on contents other than dwellings, \$5,000, for a total of \$9,055. Other fire loss amounted to \$2,450. Grand total of value losses is \$24,350.

The causes of fires varied from children playing with matches to overheating of heating plants, but the largest cause was still careless-

ness of adults in burning rubbish. The Department hopes that 1967 will see losses lower than the past year.

COOR Moving District Offices Temporarily

After February 28, 1967 the COOR Intermediate School District office will be located in the Professional Building, Zone 7, Houghton Lake, Michigan 48629.

COOR Intermediate District has been crowded for office space and it is impossible to secure larger quarters at its present location. This move is temporary as we will continue to look for adequate central facilities as our program expands.

The excellent facilities for group meetings at the Roscommon County Building will be utilized in the future, as in the past whenever possible.

Our new telephone number will be Houghton Lake 478-3381 - 478-3391.

Washington Shifts Gears In Influencing State Affairs

FORCE "IMPROVEMENTS"
Influence of Washington upon
state affairs is now being handled
a little differently than in pre-
vious decades.

The use of the dollar as "bait"
by the federal government was
effective in past years in getting
high speed roads built, new wel-
fare programs initiated and many
other segments of law enacted.
These were the result largely of
the federal government saying,
"The money is here if you want
to add to it and use it in these
specific ways."
"Incentive" would probably best
describe this approach, but an-
other word is needed for the tack
taken in recent years.
The 1966 Legislature adopted bill-
board and junkyard control mea-
sures this year because federal au-
thorities said highway funds would
be partially withheld if such laws
were not on the books within a
specified time.
Now the same threat is made for
the withholding of highway monies
if the state does not improve its
traffic safety programs.
Since the federal highway "con-
tribution" to Michigan is some-
\$122 million annually—and 40 per-
cent of this would be threatened
by failure to act, legislative com-
mittee will once again be sharply
focused on safety proposals.
Value of some additional traffic
safety measures can hardly be
questioned, especially in view of
the continually rising death and
accident toll in Michigan.
What must be asked, however, is
where will the federal dictates in
this manner be halted? Ideally,
state legislators would turn down
the promised funds if legislation
which was not in the best interests
of Michigan was the contingency.
Realistically, as in the case of
the \$122 million highway funds, it
raises an ethical question for the
federal government to use consid-
erable sums of project money in a
"do this or lose that" proposition.
FOUR YEAR FIGHT
Four-year terms for Michigan's
Governor and members of the
State Senate will start with those
officials elected Nov. 8.
If House of Representatives
members had their way, they too
would be starting longer terms in
January.
The by-play involved at the end
of the regular legislative session
over this question brought out some
of the age-old animosity, or at
least rivalry between the two houses.

Constitutional amendment would
be required to give House mem-
bers four-year terms. A propos-
al to put the question before voters
in November got through the House
in the last days of the session but
failed to get much serious consid-
eration in the Senate.
Actually, it was pretty much ig-
nored. This was intentional by
the Senate committee to which it
was assigned. Needless to say the
committee was hounded by a num-
ber of House members for several
days and was considerably less
than popular when it failed to con-
sider the matter in time to bring
the proposal to the floor.
Some Republicans in the House
opposed the idea, saying it was
brought forth too late. Candidates
had already filed for office and
presumably a four-year term would
have drawn more contestants, they
said, among other reasons.
Proponents of the change were

very disappointed it was not even
voted on in the Senate, although
many Capitol observers noted from
the start that it was a futile at-
tempt at self-perpetuation.

Four-year terms for Senators
while maintaining two-year elec-
tions for the House of Representa-
tives brought back memories of
the days when the Senate was desig-
nated the "upper house" and the
House was called the "lower cham-
ber."
Noted one wag, "Approval of this
idea in the Senate would be like
the generals agreeing to permit
enlisted men in the officers' mess."

WINNING COMBINATION
A unique idea for continued pro-
motion of Michigan will be held
over for the third straight year in
the 1967 observance of Michigan
Week.
This is the theme, "Michigan:
Dynamic in World Progress." Un-
til 1965, a new theme was selected
each year for the annual week-long
observance.
Then came the real push to get
the bragging about Michigan at-
tention outside the state and be-
yond the seven days of the official
program.
Since the 1965 theme still has
many possibilities for international
impact, many community organi-
zations and individuals urged it to
be used again for the 14th annual
Michigan Week to be held next
May 21 - 27.

Attend The Church Of Your Choice

When Abraham Lincoln sat quietly reading a book, it's doubtful that he ever imagined that one day his giant, brooding statue would be a national landmark, and that he would be known throughout the world.

Basically, Lincoln was a simple man, his nature as essentially rugged and rustic as the log cabin in which he was born. His life, from beginning to end, was a hard one, physically, mentally, and spiritually. Yet, throughout terrible trial, he never lost his faith in God.

Lincoln wasn't "born religious." Faith came to him the hard way, just as everything else did. But once he had found it, his devotion knew no limit. Most of the great men in our country's history have been devoted. Why? Because experience has shown them that no man can go it alone. That we, all of us, need God's guidance.

The place to seek that guidance is in the church of your choice.

THE CHURCH FOR ALL...

ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

LOCAL PEOPLE'S NIECE WEDS IN LANSING

Miss Carol Anne Southwell, grandniece of Mr. and Mrs. Fred Niederer of Grayling, and daughter of Mr. and Mrs. Richard E. Southwell of Lansing, became the bride of Robert William Diederich in a double-ring ceremony at the Christ Methodist Church in Lansing December 17, 1968. Miss Linda Southwell was her sister's maid of honor. Miss Maggie Collins of Pleasant Ridge, Miss Sherrie Fraylich of Sturgis and the bridegroom's sister Miss Priscilla Diederich of Quincy were her bridesmaids.

Paul Hettinga of Grand Haven was best man for the bridegroom, who is the son of Mr. and Mrs. Arthur W. Diederich of Quincy. Ushers were Thomas Kieft of Grand Haven, Gordon Blackman of Sycamore, Ill., Craig Omo and brother of the bridegroom, Daniel Diederich, both of Quincy. Miss Tina Hurst, cousin of the groom, was the flower girl. Following the ceremony a reception was held in the church par-

lor. The newlyweds, who both attend Western Michigan University, are residing in Kalamazoo.

Carol Anne was one of the group of girls who made a trip around the world while serving as a Sea Sprite a few years ago. Her grandmother is Mrs. Dan Brado of Lansing, sister of Mrs. Niederer.
